ABOUT ROSAMUND

Rosamund is a bathroom brand dedicated to offering top-notch well-designed bathroom products, including shower door, shower tray, basin, bathtub, mirror, and medicine cabinet.

Trusted by millions of users across the globe, Rosamund products are chosen and can be seen in many designer hotels and boutique luxury clubs. We are currently seeking partners to work together to bring our better bathroom products and services to more consumers in the United States, including but not limited to brand distributors, logistic partners, brand ambassadors and etc. Join Rosamund, and discover a more personalized and state-of-the-art bathroom experience .

Patented Design

Rosamund products are patented in both structure and appearance. With our expertise, shows your unique bathroom aesthetic. At Rosamund, you can find unparalleled glass offerings and elegant metal part designs that makes your bathroom stands out from the crowd.

Direct from Factory

The founder of Rosamund is born to a family that is dedicated to producing bathroom products. The family owns a factory of over 60 acres and produces everything in-house, from aluminum profiles and glass to bathtubs and stainless steel parts. All products offered by Rosamund are produced at this factory and are supplied to our brand distributors directly without any middle marketeers to guarantee the best price and quality.

One-stop shopping

Rosamund aims to offer as many bathroom product categories as possible and all our product designs are so distinguished that you cannot find elsewhere. Once consumers step into a Rosamund shop, we will make them feel this is his/her dream bathroom and they can find all the right products for their home.

2. Automatic lift and drainage system for the door bottom.
3. Support bar options (diagonal support bar, straight support bar).

Patented lift back sink

Latest patent

Patent number: ZL2021 2 1696357.X

- ①When opening the door: the water bar automatically rises
 - A.Catch the water on the glass and direct it back to the shower area;
 - B.Prevent scratching the ground
 - C.You can also put floor MATS
- ②When closing the door: the water baffle automatically closes
 - Ensure better sealing effect

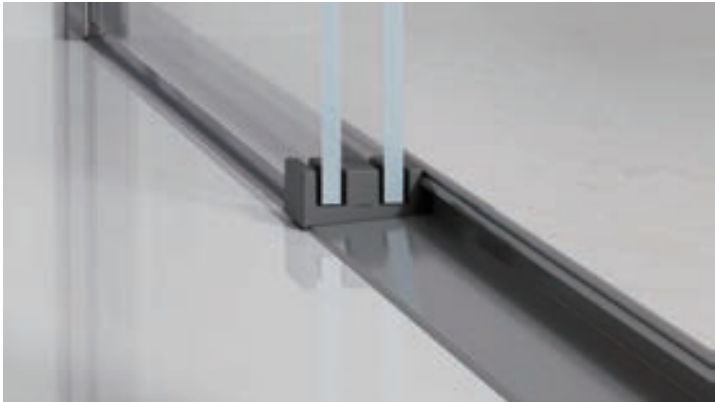

The CU and VX series shower doors can optionally be fitted with an automatic lifting and drainage system at the bottom of the door.

When opening the door, the water bar automatically rises to prevent scratching the ground

When closing the door, the water bar automatically closes to ensure better water sealing effect
